WORKING TOGETHER EFFICIENTLY FOR POSITIVE CHANGE

3 Strategic Resolutions

		
<b>DEFORESTATION</b>	<b>REFRIGERATION</b>	<b>FOOD WASTE</b>
To help achieve <b>zero net deforestation by 2020</b> in our respective businesses	To install new equipment that utilise only <b>natural refrigerants</b> or <b>ultra-low GWP refrigerants</b> , effective immediately	<b>Halving food waste</b> within our own retail and manufacturing operations <b>by 2025</b>

Workstream

**PLASTICS WASTE**

*“To provide leadership in creating a sustainable consumer goods industry, serving the needs of all, now and in the future”*

A close-up photograph of a pair of hands, one above and one below, gently holding a small, vibrant green seedling with several leaves. The hands are positioned over a mound of dark, rich soil. The lighting is soft and natural, highlighting the texture of the soil and the freshness of the plant. The overall mood is one of care and growth.

Thank you !!
